ORDER APPROVING CONSENT AGREEMENT

This matter concerns a complaint filed by the APOC Staff against the Respondent, Coffey Consulting – Dan Coffey (a/k/a Coffey Consulting, LLC) alleging violations of AS 24.45, AS 15.13.074(g), and 2 AAC 50.550(b) as a result of Respondent allegedly: (a) failing to register as a lobbyist; (b) failing to submit reports; and (c) making prohibited contributions to legislative candidates. The parties came before the Commission on January 30, 2013 seeking approval of a consent agreement dated January 28, 2013. After consideration and review of the consent agreement, the Commission finds that it is in the public interest for the following reasons and approves it. Specifically, the Commission notes that Mr. Coffey acknowledges that he now understands that he should have registered and reported as a lobbyist, and that he should not have made certain campaign contributions given that he was required to

register as a lobbyist. Consent Agreement at 4-5. Mr. Coffey has also agreed to pay a reasonable fine for the violations at issue.

Because the Commission has accepted the consent agreement, the APOC Staff and the Respondent are bound by it pursuant to 2 AAC 50.885(b).
