Congress is once again considering legislation to open the Arctic Refuge Coastal Plain (mainland) to oil and gas exploration and development.

As we know, oil and gas drilling brings benefits to our people, and also creates risks from pollution and industrialization, both of which can affect our people and the resources on which we rely.

1	Do you support opening the coastal plain (mainland) to oil and gas exploration and development?	28 VOTES - I fully support this. 20 VOTES - I somewhat support this. 15 VOTES - I am neutral on the matter. 9 VOTES - I am somewhat against this. 21 VOTES - I am fully against this.	Why?
