RE: Northeast Community Council Special Meeting - Thursday, July 14 @7pm - Centennial Park Update

Mr. George Martinez,

Thank you for your cordial invite to the Northeast Community Council's special meeting on Thursday, July 14, 2022. Unfortunately, members of my administration are unavailable to attend.

My administration continues to address a critical need in our community by waiving the camping fees for all campers at the Centennial Campground. As members of my administration have communicated to the community council and you before, this is not a homeless camp. We are thankful for our community partners for providing resources to those struggling with homelessness.

We would be happy to evaluate and answer additional questions related to the campground in writing.

Sincerely,

Dave Bronson  
Mayor

CC: Alexis Johnson, Chief of Staff  
Portia Erickson, Community Engagement Director
