Bill: we will do our best to come for the 3-4 period. We have a dinner scheduled with all the gang with Ellie-who is the Grand Dam now of our total family.

Look forward to seeing you-and we will gladly accept your help, my friend. This will be a tough election if the war isn't over and that doesn't look too good right now! See you soon. Best. T

Ted,

Christmas Day people are coming about 3PM and dinner will be at 4PM.  
Hope you and Catherine can drop by.

Received your letter regarding request for early money. Will gather up a few checks and hold a FR at my house as well. Have someone call me with dates and so forth.

Bill

Bill; many thanks for the message. It's going to be a long, hard trail, probably the toughest one I've faced, but there are still issues here that I do believe I can deal with better than the next person.

We'll be home for Christmas-hope you and I can talk about some of these problems over a glass. Teds
